COVER LETTER

Dear HR,

Please accept my resume for an application at your company. As a student who has graduated from Informatics of Technic, and has approximately 1 year experience in IT Support.

Being a student at IBI Kosgoro 57, maintaining perfect grades is the most important thing for me. My background in computer science and extensive experience in administration has taught me to be disciplined and focused with my responsibilities, this is a quality that is needed by all professionals in the workforce. My experience working in a group environment has also instilled the values of cooperation.

As a junior programmer with experience, I have developed skills in computer programming and software development. However, I also have substantial experience in administration. Over the years of involvement in various organizations, I have gained valuable experience in managing documents, scheduling meetings, and interacting with Microsoft Office applications. Additionally, I have good communication skills and can work effectively in teams. I am able to interact with people from diverse backgrounds, enabling me to collaborate effectively and contribute in a diverse work environment.

As a member of the group, I also contribute in raising morale, enthusiasm, and innovation in expressing opinions. Through all my efforts as an employee, it is proven that I am an enthusiastic and dedicated person in everything I do.

I would love to be part of your company. I want to develop my abilities and contribute to your company.

Thank you for taking the time to read this cover letter and I would love to hear from you.

KIND REGARDS,

YUSRIL S KAIMUDIN
